

PIMA PISTOL CLUB

“USER GROUP & EVENT AGREEMENT TERMS, CONDITIONS AND REQUIREMENTS”

Pima Pistol Club (“PPC”) has ranges and a classroom available for scheduled use and/or rentals. That includes, but is not limited to, matches, classes in firearms safety, basic pistol, practical shooting, hunter safety, and law enforcement training. In order to hold a class, the Principal (the responsible party) and Instructors must be certified in the subject matter being taught and the Principal must submit proof of current liability insurance. The Government Agency shall complete and have approved by PPC a User Agreement.

A Government Agency is not eligible for PPC funds to purchase equipment or supplies. Such groups may utilize existing PPC equipment as authorized by the on-duty Range Manager, but must provide for their own targets and must reimburse PPC for any damages caused by the Non-Affiliated group.

PURPOSE OF PIMA PISTOL CLUB USER GROUP TERMS AND CONDITIONS REQUIREMENTS

The purpose of Pima Pistol Club's "User Group Agreement Terms, Conditions and Requirements" (hereinafter referred to as the "Agreement") is to provide a PPC User Group (hereinafter referred to as "User Group") with the information necessary to conduct safe classroom and firearms Events.

Failure to abide by these rules shall result in the temporary and/or permanent revocation of a User Group's privileges to utilize PPC. **All User Groups must acknowledge acceptance of the Agreement by signing the User Group "Acknowledgment Signature" form and "Code of Conduct" form.** PPC reserves the right to at any time modify, amend, add, or delete any rule, policy, or procedure for the facility or a specific range.

Before any User Group may schedule or use a Range/Classroom, a current signed User Group "Acknowledgment Signature" form and must be on file with PPC's Administration Office (herein after referred to as Administration Office).

It is the Principal's sole responsibility to maintain a current signed copy of the User Group "Acknowledgment Signature" form with PPC. The expiration of the aforementioned form will automatically, and without notice, result in the cancellation of all future Events previously scheduled at PPC. All User Group Agreements expire on December 31 of the year of group approval. Renewals are done in January of the following year.

All User Group contact information must be kept current with the Administrator's Office. Please ensure that the following are current:

- Name of Principal and name(s) of Instructor(s) or any authorized person(s).
- Phone numbers of Principal.
- Mailing addresses; E-mail addresses of Principal.
- A valid and current liability insurance certificate as described in this agreement, must be on file before a User Group may schedule or use any range or facility. The certificate of liability insurance must list Pima Pistol Club LLC as an additional insured, must include primary & non-contributory coverage and a waiver of subrogation in favor of Pima Pistol Club LLC. Copies of such endorsements must be attached to the certificate of insurance.

“RANGE AND CLASSROOM REQUIREMENTS”

SAFETY is PPC’s primary concern. As such, the following are requirements for the classroom and on any of the ranges:

1. This is a COLD range meaning that no loaded firearms are allowed outside the range bays on PPC property. Firearms can only be loaded once the shooter is on the range bay, and in the case of classes or matches, only after being directed to do so by a certified Instructor or RO. Absolutely no firearms are to be handled behind the forward firing line. Designated safety areas must be used when servicing a firearm. **NO AMMUNITION IS ALLOWED IN THE SAFETY AREAS.** These rules apply to Instructors as well.
2. Only strong-side holsters or appendix holsters (outside the waistband or inside the waistband) with a zero (i.e. Vertical) cant are allowed. No other holsters are permitted to include but not limited to shoulder holsters, purse holsters, cross-draw holsters, fanny pack holsters, ankle holsters, pocket holsters, holsters with an FBI cant (i.e. Muzzle facing rearward), yaqui slide holsters, undergarment body holsters, or jacket holsters. Firearms with disabled safety devices are prohibited.
3. Firearms must be cased (soft or hard cases are acceptable) other than when on the range bay or as directed by a Match Director or RSO. Firearms may only be uncased on a HOT range or under the supervision of a line Instructor for classes. On the firing line, a line Instructor will supervise the loading and unloading of firearms
4. User groups must adhere to restrictions and/or limitations set forth by the curriculum approved by PPC.
5. Absolutely no live firearms or ammunition are allowed in the classroom to include Instructors.
6. All User Group members participating in live fire **MUST** review all PPC current safety regulations prior to any Event. The Principal will ensure the User Group is in compliance **PRIOR** to holding any live fire training. User Group members not in compliance are not allowed on the range.
7. For Individual Events (classroom or live fire), the Principal must submit an application to the PPC BoD to review at their monthly meeting (typically held the second Tuesday of each month). At that time, proof of insurance, a class syllabus, a lesson plan, anticipated number of students, number of Instructors and (for live fire) the number of certified firearms Instructors that will be working the firing line must be submitted to the BOD for review.

8. Each User Group Agreement is subject matter specific and is not a “blanket” approval. For example, being approved to specifically hold a Concealed Carry Class does not authorize the Principal and/or User Group to hold a class in Basic Firearms Safety. In this case, multiple designations or an additional request would need to be presented to the Program Coordinator for approval. Even ongoing approved classes may be re-evaluated by the BOD at their discretion. Principal and/or User Groups holding unauthorized Events will be immediately and permanently suspended of PPC privileges.
9. PPC will not schedule ranges or the classroom until the User Agreement has been approved by the BOD. Range use will be scheduled and directed by the Program Coordinator and Administrator. Principals are limited to availability as determined by the Program Coordinator. Principals attempting to circumvent the regular scheduling process by manipulation of the user agreement system will be grounds for immediate and permanent revocation of all existing User Agreements as well as being banned from holding any future User Agreements or Events. Requests for user group range use or event scheduling must be directed to PPC’s Program Coordinator, Club Administrator, or BoD - not the Range Officers.
10. PPC rules extend to all classes. In general, violations include: (a) not following all safety rules; (b) modifying targets, modifying the range; (c) using unauthorized targets, using armor piercing or incendiary rounds; (d) damaging or destroying club property; (e) allowing/encouraging the press/media onto club property, unauthorized taping/filming on club property etc. *If in doubt...ask the BOD before doing it. The above list is not all-inclusive. **The BOD may impose further stipulations/ additional requirements/instructions and/or restrictions upon Events and/or upon the Principal and Instructors.*** Violation of any of the above rules or any club policy may result in temporarily suspending the Principal’s and Instructor’s ability to hold future classes OR having the Principal and Instructors totally banned from holding any future classes. If the Principal or Instructors are club members, they may also face temporary suspension of membership privileges OR they may (depending on the severity of the violation) face permanent expulsion from the club.
11. The Principal is fully responsible for the actions and safety of the students, Instructors and spectators. The Principal must ensure that students, Instructors and spectators comply with PPC safety rules and User Group “Range and Classroom Requirements”.
12. Prior to scheduling or conducting any activities at PPC, a User Group liability insurance certificate must be on file with the Administrator’s Office. Certificate of insurance must list Pima Pistol Club, Inc. as the certificate holder. Limits of liability required are \$2,000,000 per occurrence for general liability and be endorsed to include Pima Pistol Club, Inc. as an additional insured with primary and non-contributory coverage and include a waiver of subrogation in favor of PPC. Certificate of insurance along with copies of endorsement forms must be attached to

the user group agreement. Until such a time that PPC receives and confirms the submission of an insurance policy compliant with the guidelines provided by PPC, no User Group Events will be scheduled, no Events will be held and all previously scheduled Events will be cancelled. Every User Group must designate a Principal for all Events held at the range. By signing the User Group "Acknowledgment Signature" form, the signee is designating himself/herself as the Principal party.

13. The following rules and procedures apply to any Event conducted at PPC.

Each member of the User Group agrees to the following rules and regulations of PPC: **(a)** The Principal understands the first priority of PPC is safety and agrees to conduct Events on PPC facilities with the highest standards of safety for participants, spectators and others. The Principal agrees to immediately correct any unsafe actions as determined by the PPC Range Safety Rules. **(b)** The Principal agrees to keep all User Group information current with the Administration. This includes a current liability insurance certificate, hold harmless agreement, User Group "Acknowledgment Signature" form and contact information for the Principal and Instructors. The Principal will provide live fire Instructors consistent with the Instructor to student ratio set forth by PPC's BOD. The Principal is responsible for all participants, spectators, and others, for range safety, the cleanliness and orderliness of ranges used. The Principal understands that all activities must follow state and federal regulations. Children under 8 years old are not allowed on range property, even as spectators. The User Group will shoot only at targets authorized by a PPC Range Officer. Cans, bottles, cacti, boxes, rocks, unauthorized metal targets, exploding targets, glass, target frames, animals, etc., are prohibited.

14. The Principal understands he/she is liable if any incident occurs due to the User Group's acts or omissions and PPC is not liable for any incident occurring before, during or after any of the User Group Event.

15. The Principal will ensure no participant in any Event is shooting .50 BMG, .416 Barrett, or any cartridge with the muzzle energy on par with the .50 BMG or greater, tracer rounds, incendiary or exploding rounds. User Groups will be assessed \$20.00 for each frame destroyed by birdshot.

16. The Principal understands that the User Group is responsible for activity setup, participant entry into the facility, the collection of fees from participants, and the cleanup after every Event. The Principal understands cleanup of the range consists, at minimum, of the following: (a) Policing brass, removing empty shotgun shells, removing paper targets from PPC target frames (b) Returning target frames to their original positions (c) Moving tables and chairs back to their original positions (d) Ensuring all trash is placed in trash receptacles, and leaving the Range/Classroom in good condition for the next User Group. Failure to clean up the Range/Classroom may result in a clean-up fee added to your invoice.

17. The Principal understands if he/she arrives at the scheduled Range/Classroom and discovers any damage or an unclean facility, he/she must notify a PPC Range Officer immediately before the Event begins. Failure to notify a PPC Range Officer may result in the assessment of cleanup and damage fees to the User Group.
18. The Principal understands any damage to PPC property, facility buildings, or target frames will result in the User Group being assessed the cost of repairs or replacements.
19. The Principal understands when the Event is over, the terms and conditions require participants and spectators to leave the Range/Classroom reserved for the Event. Participants may not use the Range/Classroom before or after the scheduled Event. The Principal must be the last person to leave the Range/Classroom when the Event is completed.
20. The Principal understands that PPC will summarily deny any reservation request if he/she has any unpaid invoices outstanding for more than 30 days or expired insurance or expired User Group "Acknowledgment Signature" form. The Principal understands any safety violations can and probably will result in the temporary or permanent revocation of privileges at PPC. The Principal further understands that there is to be no alcohol or controlled substances on PPC property at any time. User Group participants and/or spectators who are impaired due to the consumption of alcohol or chemical substance (including prescription pharmaceuticals) are strictly prohibited from being on PPC property.
21. The Principal understands that PPC personnel reserve the right to terminate any Event if they observe unsafe actions, safety violations, or the use of prohibited targets. Abuse of PPC personnel will result in the termination of any Event to include future Events.
22. The Principal understands all participants and spectators are required to wear hearing and eye protection during periods of live fire on the range. Eye protection is mandatory at all times while on PPC property.
23. User Groups are required to provide their own first aid kits and outline an emergency action plan before each event. In the event of a medical emergency Call 911 immediately to summon the requisite emergency services. Then contact a PPC Range Official who will then meet and escort emergency personnel to the proper Range/Classroom to expedite a timely response to all emergencies. An AED (Automated External Defibrillator) is available at PPC.
24. The Principal and/or User Group will immediately and permanently be banned from holding future Events and all existing User Agreements will be cancelled if the Principal and/or User Group holds an Event where the student(s)/participant(s) pay a fee and the Principal hides it under the guise of "free instruction, free assistance,

etc.” to avoid the approved user group process and/or paying the required PPC Range/Classroom fees.

25. Bringing animals to the range is not allowed, with the exception of service dogs and law enforcement K-9s. “Comfort” or pet dogs are not considered to fall within the realm of being a service dog. As such, only service dogs or law enforcement K-9s are allowed on the ranges. All dogs must be on a leash at all times and controlled by their owners. Owners must immediately clean up after their pets.
26. All shots must strike the backstop or impact berm. Shooting above the berm at the hillside is prohibited.
27. Shooting into lateral/safety berms is prohibited for any reason and will result in temporary and/or permanent revocation of privileges. All shots must impact the backstop. All targets must be positioned so that any shots that pass through a target, or miss the target, impact the backstop.
28. **Events** - All Events must be done on a one-time approval basis. There will be no “recurring ” Events scheduled. These Events may be scheduled up to a year in advance and are limited to four Events per year. These Events may be held on any Range approved by the BOD with the advice of the Program Coordinator, Range Manager and Administrator. Range preference may be requested but is not guaranteed. Ranges will be assigned based on the needs of the Range. The Board of Directors will review each request at the next scheduled Board of Directors meeting and will deny, approve or request additional information. The request must be submitted in writing on the Event Request Form and provide specific event description, details on instructor qualification, safety considerations, instructor/ student ratio and a detailed cost/benefit analysis proposal and submitted to the Administrator. All Principals of events must provide proof of insurance per the normal User group Agreement. Principals of Events must adhere to all PPC Safety Rules.

PPC BoD's first responsibility is to its membership which includes ensuring a member's ability to use the facilities as safely and as unencumbered as possible.

Having a User Agreement is not a guarantee of use of the Range and PPC reserves the right to reschedule events or deny use of the Range for any reason. PPC is fully committed to promoting the shooting sports and that commitment dovetails into allowing training opportunities to be offered at PPC.

Providing training facilities is a courtesy being extended by PPC and should not be construed as a club requirement.

Events held at PPC are a direct reflection on PPC and its members' reputations. The BOD strives to ensure that classes are safe, held by Certified Instructors, professionally presented and staffed, informative, relevant, properly vetted, and that they meet generally accepted training standards.
